1 PREAMBLE

- 1.1 Kellett School is a British International Co-Educational Day School that admits students who through the stated admission priorities and procedures, demonstrate to Kellett School's satisfaction, that they have the ability to achieve and meet the objectives of the curriculum offered at Kellett School (the "Curriculum Requirement"). The curriculum is designed to prepare students for British IGCSE/GCSE and 'A' level examinations, in both written and spoken English at an academic and age appropriate level. See the EAL policy for further details.
- 1.2 Kellett School is a multi-ethnic, non-denominational school which educates students of a broad range of abilities.
- 1.3 Student progression through the School from Reception to Year 13 is subject to a student's continued positive engagement with the curriculum, good conduct, involvement in broader opportunities offered and all financial commitments being met in a timely manner. See the Progression Policy for further details.
- 1.4 The School gives priority to those organisations and individuals who make a long-term commitment to Hong Kong.

2 GENERAL REQUIREMENTS FOR ALL APPLICANTS

- 2.1 It is a requirement that:
 - 2.1.1 Kellett School complies with the HK Government's requirement as an international school to maintain a minimum of 70% overseas (Non-HK) passport holders.
 - 2.1.2 In order to attend Kellett School, applicants must be residing in Hong Kong with a parent holding the appropriate immigration status permitting them lawfully to reside and study in Hong Kong. Kellett School as a day school facility does not usually act as a sponsor for non-resident Student Visas (the "Right to Stay Requirement").
 - 2.1.3 Applicants can demonstrate their ability to satisfy the Curriculum Requirement.
 - 2.1.4 Applicants are 'proficient' in English (as defined by the Common European Reference Framework for Languages) at an age appropriate level that enables them to meet the curriculum requirements at each Age Phase (See [Appendix Two](#)). The School does not provide English as an Additional Language support.

2.1.5 Parents of Applicants have sufficient proficiency in English to be able to support learning at home through the medium of English; and to be able to engage with the School fully in both written and spoken English.

4 PREPARATORY SCHOOL PLACEMENT CONSIDERATION

- 4.1 Students are usually placed in the age appropriate year. In exceptional circumstances and where it is agreed that such a placement is in a student's best interest, they may be placed in the year group below their chronological age. In accepting such a place parents should be aware that should a student leave Kellett prior to completion of their education, such a placement may adversely impact entry to future schools. Such an arrangement is at the discretion of the Principal. The School does not accelerate students into higher year groups based on ability.
- 4.2 Sibling applicants on the waiting list are required to join the same preparatory campus as the sibling/s currently enrolled in the school.

5 SENIOR SCHOOL PLACEMENT CONSIDERATION

- 5.1 Senior School students are placed in the school year that best continues their education to date. This decision is made by Kellett School.

6 WHOLE SCHOOL ENTRY PROCEDURES

- 6.1 All applications and supporting information are reviewed by the Admissions team in order to establish the applicant's ability to meet the Right to Stay Requirement and the Curriculum Requirement.

6.3 In addition to the above, the parent of an applicant must provide to the School for review and consideration, any other information that is relevant to the applicant’s ability to meet the Curriculum Requirement. This may include for example, any information relating to the applicant’s ability to read and write English, their general academic level, and their learning abilities, specific educational psychology, medical, speech therapy, occupational therapy, IEP counselling or other such reports.

6.4 As part of the assessment process an interview may be required with the applicant and his/her parent(s) to better understand the applicant's ability to meet the Curriculum Requirement. In determining whether the applicant can meet the Curriculum Requirement the School will, amongst other things, need to understand any specific needs of the applicant and what reasonable accommodation can be provided by the School. Please refer to section on Assistance for Students with Special and Specific Needs.

6.5 It is important that parents provide any supporting documents at the time of application and that the School is regularly updated with relevant information whilst their child is on the

waiting list. Where updated school information is not received, the application will be withdrawn.

- 6.6 Parents are advised that to knowingly withhold relevant information and/or to knowingly mislead Kellett School in regard to their child's ability to satisfy the admissions requirements or curriculum requirements will lead to their child's place being withdrawn. Such behaviour prevents or delays the entry of a child for those parents who have been honest and transparent with Kellett School in regard to their child's needs.
- 6.7 The high demand for school places means that Kellett School is generally over-subscribed and as such, it is not always possible to accept all applications that satisfy the entry requirements. Consequently, all admissions are further based on:
- Debenture/Sibling Status
 - Date of application

7 APPLICATION PROCEDURE

- 7.1 Applications may be submitted from birth for Reception/Preparatory entry and two years in advance of entry for Senior School.
- 7.2 An EDB approved, non-refundable Application Fee is charged to all those applying to Kellett School. This fee is payable at the time of application and is levied to recover the costs incurred for the processing and administration of applications under the School's admission procedures. An additional assessment fee is charged for Year 5-13 entry.
- 7.3 The date that the completed application (including photo, reports/any available supporting documentation and Application Fee) is received by the School will determine the applicant's initial place on the application/waiting list.
- 7.4 Receipt of application is acknowledged by letter and the applicant's name is placed on the application/waiting list. Those who are covered by a corporate debenture have priority over other applicants, other than siblings of existing pupils. However, the number of corporate debentures issued is limited to a ratio set by the Board in order to ensure places are available to applicants who do not have access to a Corporate Debenture.
- 7.5 Please note that an applicant's position on the application/waiting list and admissions list can go down as well as up due to the Sibling and Debenture priority system.
- 7.6 Parents resident in Hong Kong who have been offered a place may not defer their child's entry until the following year. Where deferral is sought the place must be declined and parents seek entry via the waitlist at their preferred entry point.
- 7.7 Deferred entry is only possible in the following circumstances:
 - 7.7.1 The place offered is not on the preferred campus; as stated on the child's application form.
 - 7.7.2 Evidence is provided to demonstrate the family's relocation from overseas has been delayed.
- 7.8 Please note a place on the Admissions List is not a guarantee of entry to Kellett School.
- 7.9 When a place becomes available, the School will make reasonable efforts to contact the parents at the home/work contact numbers and emails provided.
- 7.10 Parents will be removed from the relevant list in the event that:
 - a. Parents decline offers of assessment on two occasions.
 - b. Parents decline the offer of a place (once);

c. Parents are uncontactable (two unreturned emails and two unreturned phone calls).

7.11 It is School policy to insist on a period of at least twelve months between an initial assessment and a reassessment.

7.12 Re-application is permitted after removal from the list. The application will be considered in the same way as any new application and thus will go to the bottom of the waiting list.

8 ADMISSIONS PROCEDURE

8.1 When it becomes apparent that a place may become available an assessment will be offered in line with the general format of assessment set out previously. Following an applicant's assessment, the parent will be advised of the outcome.

8.2 When a place is offered, parents accept by paying a non-refundable Registration Fee equivalent to 10% of the annual school fees and the appropriate debenture payment. Please refer to Kellett School Debentures guidelines. The Registration Fee will be credited against the fees for the child's first term at the School. Please note that a parent in receipt of a place offer is required to confirm the place within ten working days. Failure to do so may lead to the place being withdrawn.

9 ASSISTANCE FOR STUDENTS WITH SPECIAL AND SPECIFIC NEEDS

9.1 All students accepted into Kellett School, including those students with special needs identified prior to entry or during the admissions process, are required to be able to join regular classes and study alongside their peers. Kellett School operates '*The Team Around The Child Approach*'. This means, when possible Kellett School facilitates as many of a student's additional external service providers within Kellett School. Currently Kellett School facilitates Speech and Occupational therapy services. Such services, if required, are supplied by external therapists and any fees charged by these external providers are billed at cost to parents.

9.2 The assessment process may require an interview or further interview with the applicant and his/her parent. Should the applicant currently attend a place of education (kindergarten, nursery, school), a visit to see the applicant in that setting may be made by Kellett School staff, with the consent of the child's parent(s), in order to determine:

9.2.1 Any specific or special needs of the applicant

9.2.2 The applicant's ability to meet the Curriculum Requirement

9.2.3 What reasonable accommodation can be provided by Kellett School

- 9.3 No additional assessment fee is levied to applicants who may be identified with specific or special needs.
- 9.4 In the event that additional support over and above that expected in a suitably differentiated classroom setting is required to meet the Curriculum Requirement, an applicant with specific needs will only be admitted if the appropriate additional specialist support from the Kellett School Inclusion Team is available and it is determined by Kellett School that the needs can be reasonably met, and that this can be achieved without materially adversely affecting the needs of other students at the School.
- 9.5 In the event that Kellett School determines an applicant's additional needs may be met but the required additional provision is unavailable at the preferred entry point, an applicant may remain on the waiting list subject to admissions' priority status and until such time as both a place and provision is available.
- 9.6 Applicants are not usually admitted if their specific needs or conduct are such that they may adversely impact other student's access to and progress through the Kellett School curriculum; and/or following assessment an applicant's needs exceed those that can be reasonably met within the mainstream school setting at Kellett School.
- 9.7 Entry may be offered to applicants who receive additional specialised support outside Kellett School, provided this support enables them to be successful within an age appropriate curriculum offered by the School. It should be understood however, that those applicants who need extensive support by the School beyond the regular classroom setting, may have difficulty gaining admission (for example the need for an alternative individual curriculum rather than supported access to the mainstream curriculum). Where such entry is agreed it is a pre-requisite that both the parents and those providing external support agree to work together with Kellett School and within Kellett School's resources and expertise to support the student.
- 9.8 From time to time, and when no further additional Kellett School resources are available to meet a student's specific needs, Kellett School may advise parents that a part time or full time 'one-to-one' support assistant is advisable in order to permit Kellett School to continue to meet their child's needs. Should this be advised 90% of the cost of the assistant's salary is charged to the parent on a termly basis.
- 9.9 Over time should it become apparent that a student's needs are becoming increasingly complex and their support requirements are such that they can no longer be effectively met by Kellett School's 'Team Around The Child Approach', and that as a result a student may not be making the desired progress, Kellett School may recommend alternative provision and

will work with the parents (and where appropriate their child) in order to find an appropriate alternative school placement.

9.10 Parents whose child has specific/special needs are encouraged to consult directly with Kellett School before applying for admission, to discuss the needs of their child and what reasonable accommodation can be provided by the School in respect of the arrangements for the application process and admission.

9.11 Admission decisions for applicants with specific or special needs are made by members of the academic team, the Deputy Head of School (with responsibility for Inclusion) and where appropriate the Head of Student Wellbeing.

10 DEBENTURES

10.1 All students whilst at Kellett School must be covered by a Debenture, with the following exceptions: -
